***This newsletter will be a very different one !***

*Never did we think we would be in this situation, did we!? But I believe this is proving what Great Britain is all about and it is humbling to see how everyone is pulling together. And how lucky we are to have our heroes of the NHS. The NHS have been there for us all when we were all poorly and now they are battling for us all yet again. Bravo to all our key workers.*

*I hope you are all well and you are keeping safe at home. We will get through this and when we get through the other side, it will be great to all get together.*

***March Social Event***

In March we had a wonderful social at the Toby Carvery in Enfield. Thank you to those who attended. It was lovely seeing you all to have a good ole chat. Little did we know we were days away from our lockdown. I was going to organise another social, during the summer period, but we will have to wait for the time being. As soon as we know what is happening, I will organise a date and venue.

## ***Membership***

As some of you know, a good few years ago, it was decided that our members aged over 70, did not have to pay their membership and North London IA would use any funds to pay their membership. As we have now merged with National Office please note that this over 70s non payment **no longer applies**. So please send your new standing order form to National Office

## ***Important Notice***

Please note, if you receive any accessories or samples in the IA Journal or from elsewhere, which you would like to try, please contact your local stoma Care Nurse first to check that the product is suitable for you.

## ***Stoma Care Contacts***
